NEXTBOND®

A NEKOOSA BRAND

The Future of Long-Term, Outdoor Durable Pressure Sensitive Specialty Print Media

Nekoosa's innovative NextBond® durable adhesive is a **robust, cost-effective** and **eco-friendly** alternative to traditional solvent-based adhesives for long-term print applications. This groundbreaking adhesive technology ensures **top performance** without compromising quality. NextBond® durable adhesive **won't shrink** and maintains exceptional **adhesion strength** even when exposed to challenging outdoor environmental and chemical conditions. We've streamlined the production process by curing the adhesive inline with UV lamps and **removing all hazardous solvent waste and harmful VOCs**. These added benefits make NextBond® UV-cured adhesive the premier choice for **durable, long-term printed graphics, decals and signage**, surpassing traditional solvent adhesives.

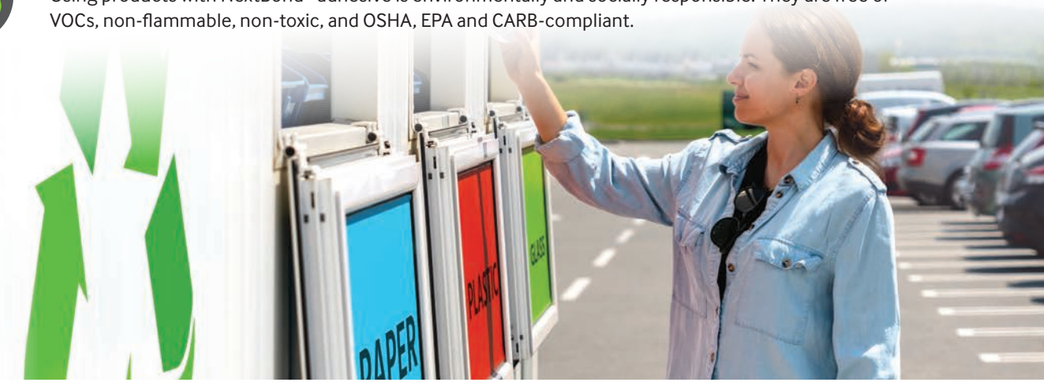
Forward-Thinking Innovation
Nekoosa's pioneering NextBond® UV-cured, durable adhesive meets all critical needs for long-term outdoor print applications like displays, decals and signage.

Price-Competitive Technology
NextBond® UV-cured, durable adhesive offers solvent-based performance without the associated price.

Tough Outdoor Durability
The performance of NextBond® UV-cured, durable adhesive is equal to or better than solvent-based adhesives. This adhesive remains resilient under tough environmental conditions for up to 10 years.

Sustainable Design
Producing specialty print media with NextBond® UV-cured, durable adhesive does not generate hazardous waste and cuts CO2 emissions by over 50% compared to traditional solvent adhesives.

Health and Safety
Using products with NextBond® adhesive is environmentally and socially responsible. They are free of VOCs, non-flammable, non-toxic, and OSHA, EPA and CARB-compliant.



NEXTBOND®

STOCKED PRODUCTS

Premium Vinyl with NextBond® Adhesive

Experience flawless prints with Nekoosa's Premium Vinyl featuring NextBond® durable adhesive. Engineered with an enhanced printing surface, it withstands high heat and prevents visual defects, ensuring perfect prints every time. Rated for 5 years of outdoor durability and reinforced with UV inhibitors, prints won't fade even in harsh conditions. Compatible with eco-solvent, latex and UV wide format printers.

Overlaminates with NextBond® Adhesive

Protect your printed graphics with Nekoosa's Overlaminates with NextBond® durable adhesive. NextBond® applies evenly across the printed graphic, eliminating silvering and preventing delamination. The superior polyester (PET) liner ensures a smooth, clear finish without cloudiness and runs seamlessly through the laminator without generating static.

NEKOOSA

COLLECT NEKOOSA BUCKS AND EARN MONEY

1 Print

2 Redeem

3 Earn

Collect Nekoosa Bucks in qualifying rolls of Nekoosa wide format specialty print media, then redeem them for cash. Redeeming is easy, just follow these steps:

1. **Go to Nekoosa.com, click on the red Nekoosa Bucks link on the homepage.**
2. **Log in to your existing account, or create a new account if you are redeeming a Nekoosa Bucks for the first time.**
3. **Enter the code found on the front of the Nekoosa Bucks flyer, which is found in each qualifying roll.**

It's that easy! Once you reach $25 in redemptions, you can select your first gift card reward. You can also continue to grow your account and request gift cards in larger denominations. Your redemptions will add up. The more Nekoosa wide format specialty print media you run, the more you earn!

Look for this sticker
on specially marked rolls of Nekoosa wide format print media.

FIND NEKOOSA BUCKS IN THESE PRODUCT LINES

Trifecta®	One product, endless applications. Create floor, wall and window graphics with one universal, textured print media ... Trifecta®.
Premium Vinyl	Turn to Nekoosa's Premium Vinyl when you need to produce specific signage applications that require superior features, including robust adhesive systems, liners and finishes.
ChalkTalk®	Versatile and printable, this chalkboard film with removable adhesive is perfect for all your creative projects and temporary promotional displays.
SYNAPS OM	Create durable banner stand graphics that resist bowing, fading, curling, warping and wrinkling with SYNAPS OM polyester film.
Sign-Ad®	Advertise your newest product or upcoming event with window graphics on Nekoosa's Sign-Ad® removable window film.
Hi-Stat®	Designed for creating vibrant window displays, Hi-Stat® static cling vinyl is an exceptionally flexible film that adheres to clean, smooth surfaces without adhesive.
ClingZ®	ClingZ® is an adhesive-free, electrically charged film that clings to any dry interior surface, making it a breeze to apply, remove and reposition – a truly effortless signage solution.
Ztac™	Ztac™ is an ultra-low tack, repositionable film that easily adheres to even extremely hot or cold indoor surfaces like freezer doors, deli cases and coolers.
Barrier Film	Applied to clear Sign-Ad® or Hi-Stat®, the complete opacity of this barrier film allows the printing of two-way decals for interior and exterior viewing.
Wall Graphics®	Nekoosa's Wall Graphics portfolio is a comprehensive offering of repositionable, easily removable films for interior and exterior wall graphic applications.
Nekoosa Glass Finishes	Transform the appearance of interior and exterior commercial buildings for privacy and finishing purposes with Nekoosa Glass Finishes™ window films.
Overlaminate Films	Overlaminate films that enhance overall graphic depth while protecting printed materials from UV radiation, environmental elements, moisture and abrasion.
Mounting Films	Easily convert non-adhesive backed films to pressure-sensitive materials with permanent or removable mounting films.
Dye Sublimation Transfer Paper	Transfer high-definition, detailed graphics onto both hard and soft surfaces with Nekoosa's versatile dye sublimation transfer paper.

Qualifying SKUs are marked with a gold dot on the stocked product charts throughout this guide.

Nekoosa embodies a strong legacy of manufacturing and converting specialty paper. What originated in 1961 has evolved over its 60 years in the industry, building upon the foundation of Nekoosa Coated Products by acquiring brands like RTape, Catalina Graphic Films, Mojave Digital Media, ClingZ, NCR PAPER* and CET Films.

Today, you know Nekoosa as a premier manufacturer of specialty print media, sustaining a reputation as an innovator and market leader in producing high-quality products with globally recognized and trusted brands. With a history rooted in quality and innovation, one constant that has not changed is Nekoosa's desire to provide unsurpassed service and value to our employees, customers and shareholders – embracing our core values of being Growth Focused, Authentic and Winning Together.

Today, Nekoosa's expertise spans coating, converting and custom plastic extrusion capabilities, with a product offering that includes wide and grand format rolls, offset, screen, HP Indigo and dry toner sheets, specialty synthetics, application tapes and premasks, carbonless papers, dye sublimation transfer paper and extruded films.

This guide covers Nekoosa's specialty print media offerings. For more information, visit nekoosa.com or contact the Nekoosa Customer Service team at 877-258-6046.

TRIFECTA®

MULTIPURPOSE REMOVABLE PRESSURE SENSITIVE TEXTURED VINYL

One product, endless applications. Create floor, wall and window graphics with one universal media … Trifecta®.

6 mil semi-rigid matte white textured facestock

High opacity film with an excellent white point

Universal removable adhesive that will cleanly remove from indoor and outdoor applications for <6 months

Stable 90# layflat polycoated paper liner for ease of printing and installation

ASTM E84 Class 1 or A rating

Print Compatibility: Wide Format (Solvent, Eco-Solvent, Latex and UV), UV Offset and Screen

When to use Trifecta

One-Step Floor Graphics - Create UL 410 slip resistant floor graphics in one easy step… no overlaminate required. Easy to install and remove. Trifecta® is suitable for indoor short term floor graphics (<6 months). **Not intended for outdoor floor graphic applications. For best results, we recommend printing floor graphics with UV inks to avoid potential scuffing.*

Wall Graphics - Hassle free textured wall decals - peel, stick, done. No need for tapes, tacks or nails and will remove cleanly from painted dry wall.

Window Graphics - Enhance the look of standard window graphics with a dimensional, textured finish. Perfect for short term decorative window decals smaller than 2' x 2'.

SYNAPS XM

DIGITAL DRY TONER/LASER
SYNTHETIC POLYESTER PAPER

SYNAPS XM is the superior alternative to traditional lamination.

Minimal scrap, waste and time compared to traditional lamination

Waterproof, tear-proof and weather resistant – suitable for indoor and outdoor applications

Double sided matte white finish, rigid and lays flat

Superior dimensional stability for precise registration

Antistatic top coating ensures strong toner adhesion and smooth feeding through the printer

Easily washable with a mild soap and soft cloth

PVC Free - Comprised of at least 15% recycled polyester (rPET)

Available in 5, 8, 10, 12 and 14 mil digital cut sized sheets

Print Compatibility: Digital Dry Toner/Laser

***NOW* ANTIMICROBIAL** – SYNAPS XM is now armed with an antimicrobial coating that prevents up to 99.9% of bacteria, viruses, fungi and mold from growing on the sheet's surface over the lifetime of the printed application.

This logo represents Nekoosa's commitment to offering sustainable alternatives to traditional PVC materials. 100% of this product line is PVC-Free

PREMIUM VINYL

HIGH PERFORMANCE CALENDERED VINYL

Turn to Nekoosa's Premium Vinyl when you need to produce specific signage applications that require superior features including robust adhesive systems, liners and finishes.

Choose from a diverse range of film, adhesive, and liner combinations engineered specifically for your application

Easily apply premium 3, 4 or 6 mil calendered vinyl face films to indoor or outdoor flat, textured or slightly curved surfaces without rivets

Achieve your desired aesthetic with matte white, gloss white or clear options

Suitable for both indoor and outdoor use and available with either water-based or NextBond® long-term durable adhesives

Available in 90# layflat or 90# air-egress layflat options for efficient finishing and installation

NEW NextBond® UV-cured, durable adhesive presents a robust, price effective, and eco-friendly alternative to traditional solvent-based adhesive for a long-term bond.

Printer Compatibility: Wide Format (Eco-Solvent/Solvent, Latex and UV), Offset (Conventional and UV) and Screen

HI-STAT® STATIC CLING VINYL

Hi-Stat® static cling vinyl is a very flexible film which adheres to most clean, high polished surfaces without adhesive.

Ideal for temporary promotional applications used indoors or outdoors (<3 months)

Easy to apply, remove and reposition for application to most clean, high polished surfaces – no surface damage

Can be wet applied, but no solvents needed for application or removal

Can be die-cut, kiss-cut and plotter cut

Available in folio sheets, digital cut size sheets and wide format rolls in white, clear or optically clear finishes

Wide format rolls now enhanced with a 90# polycoated layflat release liner for optimal performance on wide format printers

Laminate Nekoosa's Hi-Stat® Clear with Sign-Ad® Gloss White Opaque to easily create removable 'push-pull' two way signage

Print Compatibility: Wide Format (Solvent, Eco-Solvent, Latex, UV), Offset (Conventional Offset/Litho and UV), HP Indigo and Screen

ztac™

ULTRA LOW-TACK
POLYESTER

Ztac™ is an ultra-low tack, repositionable, PVC-free film designed for easy application and removal on very smooth indoor surfaces.

Effortless to apply, remove and reposition multiple times without leaving a trace of adhesive residue behind

Repositionable – will hold its original shape without "dog earring"

Suitable for indoor use on very smooth surfaces like windows, glass and polished metal

Can be die cut, kiss cut, perforated, scored and folded

Chemically inert, PVC-Free and phthalate-free

Print Compatibility: HP Indigo, Conventional, UV Offset and UV Wide Format

This logo represents Nekoosa's commitment to offering sustainable alternatives to traditional PVC materials. 100% of this product line is PVC-Free.

FLOOR GRAPHICS

Walk-On Graphics®

Applications

- Wayward Floor Graphics
- Floor Advertising Graphics
- Point-of-Purchase Floor Signage
- Social Distancing Floor Graphics
- Directional Arrows
- Counter Mats

WALK-ON GRAPHICS®

SLIP RESISTANT FLOOR GRAPHIC SYSTEM

The Walk-On Graphics® two part system includes a printable vinyl base film and a UL 410 slip resistant overlaminate to create durable floor signage applications.

Recommended for use on smooth, clean, flat surfaces like tile, sealed wood, ceramic tile vinyl and sealed concrete

4 mil printable vinyl base film available in white or clear finishes with removable adhesive

4 mil clear double polished and 6 mil clear embossed UL 410 certified overlaminate options
Suitable for indoor short term floor graphics (<6 months)

Graphics withstand normal floor maintenance and cleaning

Print Compatibility: Latex, Eco-Solvent, True Solvent, UV Wide Format, Conventional Offset, UV Offset and UV Screen

NEKOOSA GLASS FINISHES™

PRIVACY AND DECORATIVE WINDOW FILMS

Nekoosa Glass Finishes™ offers a wide range of printable window films designed to transform the appearance of interior and exterior commercial buildings for privacy and finishing purposes.

Available in Deep Etch, Light Etch, Dusted Crystal, Frost, Sand Blast and Sand Matte finishes

Each film offers a degree of privacy by obscuring direct visibility while allowing excellent light transmission

Solvent-performance permanent adhesive with a PET liner

Printable and plottable

7 years of outdoor durability

For ease of application, apply Nekoosa Glass Finishes™ with RTape's Conform® 4075RLA, ApliTape™ 4075, or Clear Choice® AT65

Bird Safety Film: Bird deterrent safety film engineered specifically to allow birds to see windows that otherwise appear invisible

Print Compatibility: Wide Format (Solvent, Eco-Solvent, Latex, UV), Offset (Conventional and UV) and Screen

OVERLAMINATE FILMS

PORTFOLIO

Overlaminates that enhance overall graphic depth while protecting printed materials from UV radiation, environmental elements, moisture and abrasion.

Calendered vinyl, polycarbonate, polyester, and polyolefin options available to fit your specific application - **Laminate to similar substrates for the best results*

Choose from a range of finishes, including matte, gloss, luster, velvet, optically clear or textured options to achieve the perfect blend of aesthetics and functionality

High-performing, permanent pressure-activated adhesives engineered to prevent common flaws in the laminating process like silvering, orange peeling and delamination

Excellent performance on flat or simply curved application surfaces

Unique options also available – UL 410 slip resistance and dry erase

NEW NextBond® UV-cured, durable adhesive presents a robust, price effective, and eco-friendly alternative to traditional solvent-based adhesive for a long-term bond.
