

Wall Graphics® vinyl have an ultra removable and reusable adhesive ideal for decal applications requiring easy removability from such surfaces as painted walls, most types of wall papers, and wood paneling.

#### Wall Graphics® White and Clear

Intended for use in the production of high quality interior graphics requiring easy and clean removal from flat, painted wall surfaces (non textured walls only), most types of wallpaper, and wood paneling. With three caliper thicknesses: 4, 6, and 8 mil., Wall Graphics can be saved and reused when reapplied to the release liner.

#### Applications

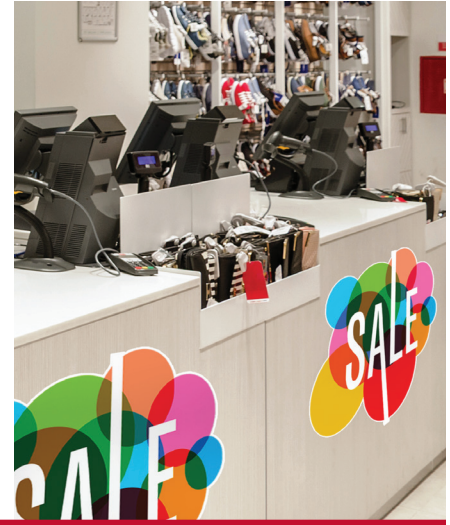

- Wall Advertising Graphics
- P.O.P. Wall Signage
- Wayward Signage
- Reusable Signage

#### Product Information

- Reusable – when reapplied to the release liner
- No solvents are needed for the application or removal
- Easy removal without leaving a trace of residue behind
- Must be applied dry to dry walls
- Not suitable for overlaminates
- Panels must be setup in “portrait” orientation
- For indoor and outdoor use

#### Print Compatibility

- Solvent
- Eco-Solvent
- Screen
- Latex
- UV Wide Format
