

NEKOOSA SPECIALTY MEDIA

Ideal for fleet graphics, glass windows, and many other applications requiring graphics on one side and a clear, unobstructed view through the other.

One-Way Vision Matte White

These PVC pressure sensitive films are among the thickest perforated window graphic films in the industry. Exterior-mount window graphics for buses and other vehicles, bus shelters, retail signage, event centers, and a wide variety of other applications using 1.5 and 1.6 mm holes and a clear removable pressure-sensitive adhesive. Offered with an unperforated solid paper liner, a clear film liner, or universal liner.

Applications

Fleet Graphics
P.O.P. Window Signage
Retail Window Signage
Bus Shelters & Transit Stations
Large Scale Outdoor Signage
