

ELECTRICALLY CHARGED  
POLYPROPYLENE

NEKOOSA.COM

ClingZ<sup>®</sup> is an adhesive free, electrically charged graphic film that adheres to any dry interior surface, and is easy to reposition.

Effortless to apply and fine-tune into position, ClingZ<sup>®</sup> will not damage even the most sensitive surfaces or leave a trace of residue. ClingZ uses an electric charge which means no glue, tape, tacks, or pins required. ClingZ is ideal for temporary indoor signage and marketing applications.

**ClingZ<sup>®</sup> Offset**

**ClingZ<sup>®</sup> Standard<sup>†</sup>**

This offset printable product is suitable for a job of any size and ideal for temporary indoor marketing applications for up to 6 months. The product consists of a polypropylene face and a 10 pt. printable backer.

**ClingZ<sup>®</sup> Versaliner Offset\***

Designed for offset and UV inkjet flatbed printing, ClingZ Versaliner uses a full-contact backer for improved handling on press. This product consists of a polypropylene face and a 10 pt. printable backer. Use ClingZ Versaliner if prints need extra finishing like die and kiss cutting.

**ClingZ<sup>®</sup> HP Indigo**

Optimized for excellent compatibility with HP Indigo printers, ClingZ for HP Indigo combines the same unique features of ClingZ Versaliner with all the advantages of digital printing. This product consists of a polypropylene face and a 10 pt. printable backer.

**ClingZ<sup>®</sup> UV Wide Format<sup>†</sup>**

Produced in rolls, with a full contact layflat backer, ClingZ UV Wide Format enables designers to use the ClingZ technology for even more applications. This product consists of a polypropylene face and a 3 mil. PET backer.

**Applications**

- Screen Safe Labels
- In-Store Promotional Signage
- Large Format Graphics
- Tileable Murals
- Point-of-Purchase Signage
- Reverse Sided Graphics
- Trade Show & Event Signage
- Window Graphics
- Holiday Décor & Decals
- Guerrilla Marketing
- Dry Erasable Posters<sup>†</sup>

**Product Information**

- Adhesive-free media for any dry interior surface
- Effortless to apply and remove, repositionable – no surface damage
- Chemically inert, PVC-free, phthalate-free, and recyclable
- Can be die cut, kiss cut, perforated, scored, and folded
- Ability to easily tile large graphics
- Compatible with conventional and UV offset, HP Indigo, and UV wide format

**Colors Available**

- White
- Clear
