NEKOOSA PROMISE™

Sustainable Print Media

Nekoosa Promise™ is the graphic industry's broadest portfolio of sustainable print media, featuring new and existing PVC-Free alternatives for promotional signage, graphic displays and more. Through continuing cutting-edge research and development, we are committed to offering innovative products that reduce environmental impact without sacrificing quality, performance or affordability.

- Waterproof Paper
- P.O.P. Displays, Banner Stands & General Signage
- Window Graphics
- Cut Films
- Mounting Films
- Wall Graphics
- Overlaminates
- Glass Finishes

90%
of Nekoosa's print media is made with water-based adhesives

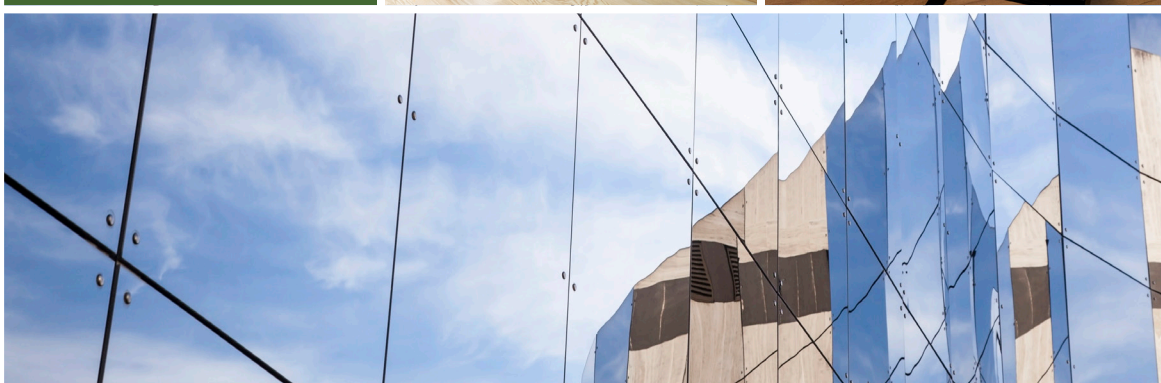

60%
of Nekoosa's finished goods are RECYCLABLE

WATERPROOF PAPER

SYNAPS is a synthetic polyester paper that is waterproof, tear-proof and weather resistant – suitable for indoor and outdoor applications. It has the durability and versatility necessary to suit a variety of applications, making it the ideal alternative to lamination.

Menus | Manuals | Durable Hole Punched Tags | Membership & I.D. Cards | Plant Stakes

SYNAPS OM

- Superior dry times using standard conventional offset inks make SYNAPS OM the optimal choice for short-run, on demand printing.

● ● ●

SYNAPS XM

- Designed for dry toner/laser printing. SYNAPS XM's antistatic topcoat ensures strong toner adhesion and smooth feeding throughout the length of the print run. Plus, it's antimicrobial.

●

WINDOW GRAPHICS

Sign-Ad®

Point-of-Purchase Window Graphics | Window Signage

- Removable polypropylene interior and exterior window film with excellent clarity and enhanced stiffness for easy application and removal on flat or slightly curved surfaces. Enhanced with a topcoat for latex and UV wide format printing.

● ● ●

ClingZ®

Interior, Temporary Promotional Graphics | Event Signage

- Adhesive-free, electrically charged graphic polypropylene that adheres to any dry interior surface. No glue, tape or pins required.

● ● ●

Ztac™

Glass Freezer & Cooler Door Graphics | Hot Deli Glass Case Signage

- Ultra low-tack polyester film designed for installers of all experience levels to easily install, reposition and remove graphics from very smooth indoor surfaces.

● ● ●

Barrier Film

Push-Pull Graphics | Window Decals | Posters

- 100% opaque polypropylene used for creating two-way window decals or signage by laminating to Sign-Ad® Clear PP. Can be printed with UV wide format inks.

●

P.O.P. DISPLAYS, BANNER STANDS & GENERAL SIGNAGE

SYNAPS OM Rolls

Retractable Banner Stand Graphics | Trade Show Display Panels | Dimensional Hanging Signage

- Latex and UV wide format printable polyester film that will not bow, curl or warp.

● ● ●

WALL GRAPHICS

Wall Graphics®

Wall Posters | Wall Décor | Wayward Signage

- Removable polypropylene wall graphic film with excellent whiteness and high stiffness for easy application and removal on flat or slightly curved surfaces. Ideal for indoor and outdoor point-of-sale promotional campaigns due to its low glare, matte surface.

CUT FILMS

PolyEfx®

Cut Lettering | Decals | Holiday Décor

- Metalized polyester films used in the production of high-quality applications that require metallic luster, durability and dimensional stability.

MOUNTING FILMS

Window Graphics | Posters | Decals

- Permanent or removable polyester mounting film used to easily convert non-adhesive backed films to pressure sensitive materials.

OVERLAMINATES

Embossed, Slip Resistant Overlaminate Film

Point-Of-Purchase Displays | Floor Graphics

- Embossed clear polyolefin overlaminate for temporary and short-term indoor floor graphic applications. UL-410 certified for slip resistance.

GLASS FINISHES

Bird Safety Film

Office Buildings | Hotels | Warehouses

- Reflective window film engineered specifically to allow birds to see windows that otherwise appear invisible, preventing injury or death for birds and minimizing the broader impact on pollination/crop production.

Application Tape

- RTape and Nekoosa Graphics' paper application tapes are made with natural and environmentally friendly water-based adhesives.

Carbonless

- All Nekoosa branded carbonless papers are SFI® certified (Sustainable Forestry Initiative). Purchasing SFI® certified products is a guaranteed way to contribute to climate action, conservation of biodiversity and sustainable economic development.
